Wahoo -- Wahoo State Bank showed their customers they really appreciate them by hosting an open house on Thursday, May 26. The event also celebrated community banking.

Over 500 customers were treated to hot dogs and ice cream sundaes served by the employees of Wahoo State Bank. The theme of the day was "Go Green," which emphasized the importance of taking care of our environment. Customers who signed up for Email Statements received a \$2 bill. There was also a shredding service offered to allow customers to securely dispose of documents which will, in turn, be recycled. Reusable grocery bags were also given to customers.

President Greg Hohl stressed the importance of being environmentally friendly. "We feel that it is important to reduce, reuse, and recycle. We are helping our customers reduce by providing them the opportunity to take advantage of our email statements, reuse by offering them reusable grocery bags and recycle by helping them dispose of their documents," Hohl stated.

Wahoo State Bank was founded in 1932 and is a family-owned, full-service community bank serving the financial needs of the Wahoo community.
